Data Files

- A **Data File** is automatically created for every company you get a report on.
- You can amend and edit any of the information on the Data File which we hold about the company.
- Recording the email address of your contact at the company will enable you to use our free debt recovery service at a click.

Report History

- Every credit status report is archived in your personal online **Report History**.
- You can view old reports without having to search again each time you want to refer to the information – although with an 'All You Need' license a fresh report will not cost you anything if you choose to request one.
